## Gemma bowls Barbados over

The last 24 hours has been hard on the island of Barbados. Category 5 Hurricane Gemma has brought down trees, damaged buildings, caused significant floods from rain and a storm surge has caused coastal damage in many villages and the capital, Bridgetown.

The National Emergency Management Agency are assessing the scale of the damage and if support from the Caribbean Disaster and Emergency Management Agency in Barbados needs to be brought into support relief operations.

Several hundred people were reported to be cowering in hurricane shelters around the islands. It is expected that the Prime Minister will make a statement
