

October 2023 - Dominica

MAPACTION Training - Day 2

EMAIL

SIMULATION - EXERCISE ONLY

From: Mr Pascal, ODM

To : Information Management Team

Colleagues

1. You will be aware that Alan has been upgraded to a hurricane and Dominica is forecast to be hit in the next few days.
2. Please note that I shall be holding a briefing and planning meeting with the Prime Minister at 5pm.
3. I'd like some briefing maps from you. I am thinking to show the latest storm track data and population distribution in particular, but anything else you might think useful at this stage.
4. Can those maps be sent over to me by 4.30 at the latest?
5. One additional point, can we make sure our assessment tools are in place in case we need to do rapid field surveys after the storm hits

Thanks as ever for your hard work
