Alan bowls Dominica over

The last 24 hours has been hard on Dominica. Category 5 Hurricane Alan has brought down trees, damaged buildings, caused significant floods from rain and a storm surge has caused coastal damage in many villages and the capital, Roseau.

The Office of Disaster Management are assessing the scale of the damage and if support from the Caribbean Disaster and Emergency Management Agency in Barbados needs to be brought into support relief operations.

Several hundred people were reported to be covering in hurricane shelters around the island. It is expected that the Prime Minister will make a statement in the next few hours about the extent of the damage and seek to
